

CS5651 - Statistical Inference Project

K.A.T.S. Jayathilaka – 209338R

Project title : Mobile Banking App Usage in Sri Lanka

Research Question:

This survey is conducted with the purpose of finding out the usage, experience, and expectations of the general public on the available mobile banking apps in Sri Lanka.

GitHub Repository:

https://github.com/tsj1992/CS5651-Statistical_Inference-Survey_Project

Survey Link:

<https://forms.gle/6GVXrCf6fs4ngSfg9>

Extra Information:

This submission includes data collected so far in an exported excel sheet. But since the survey is still being circulated among the public, new data will still be collected within the next few days too. So, the record count may vary from the submitted excel file.
